What Is The Optional Forest Fire Fighting Expense Extension On The Commercial General Liability Policy?

Forest Fire Fighting Expense coverage extends the policy to cover liability, imposed by law, upon you for the cost of controlling and extinguishing forest fires.

This insurance does not provide coverage:

- for fires which you or your sub-contractor intentionally set;
- when any condition, as set out in the relative provincial Forest Fire Act, has been contravened;
- for any cost of controlling or extinguishing fires that is incurred directly by you; or
- for any fines or penalties imposed upon you.

For more information about the Professional Liability insurance program and companion Commercial General Liability policy that have been arranged by your Society, please obtain an information package from your Society website or contact:
